

MESSAGE FROM THE TRIAL TEAM

We hope everyone had a great start to summer and enjoys the upcoming July 4th Holiday. We understand summertime can be a busy time of year, so appreciate your teams' attention to the trial.

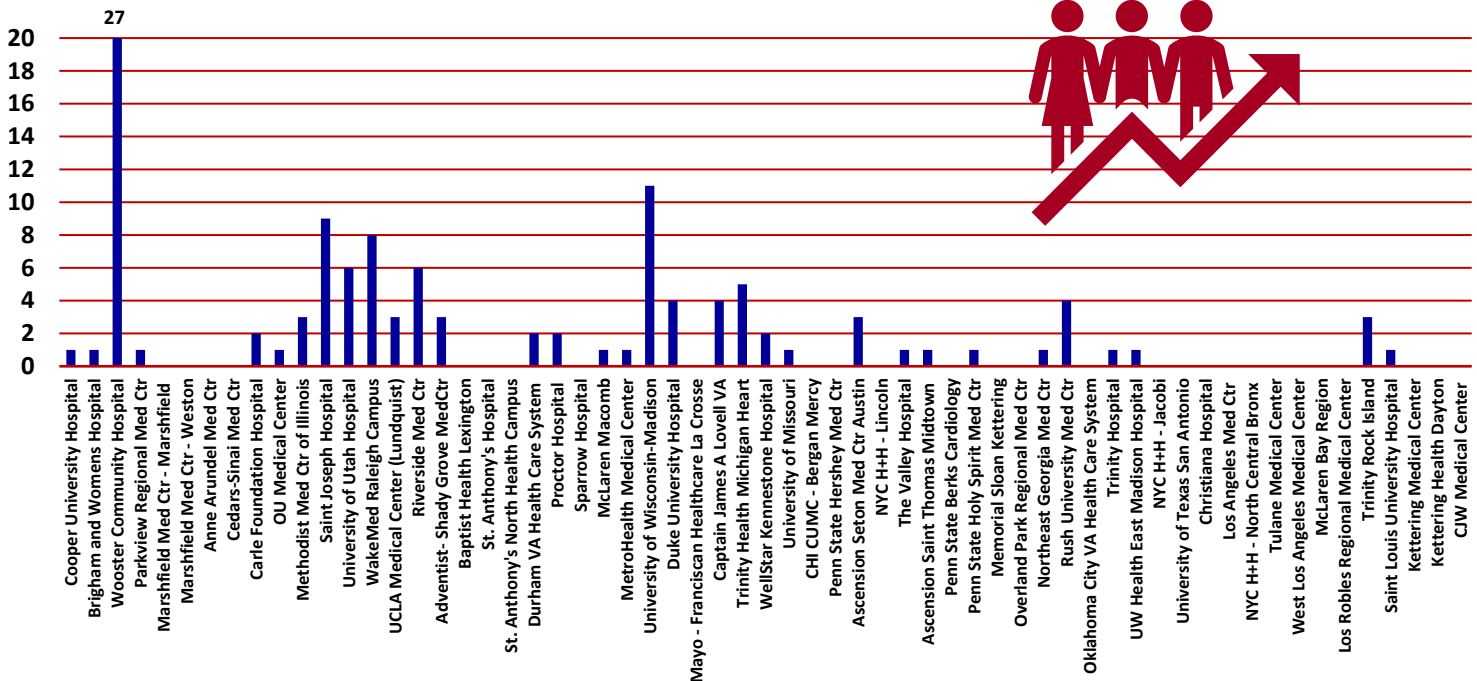

We are excited to announce the commencement of our **CHANGE AFib Summer Enrollment Olympics!**

Let the games begin!

Details can be found on Page 2.

TRIAL UPDATES

CHANGE AFib Summer Enrollment Olympics

Sites enrolling a **min of 4 subjects a month** will begin to qualify for the monthly site prize competition being held for the months of July & August 2023.

For each month, sites that enroll the most subjects (≥ 4) by the end of the month will win the 1st place prize; sites enrolling the second-most subjects (≥ 4) will win the 2nd place prize; and sites enrolling the third-most subjects (≥ 4) wins the 3rd place prize. **In the event of a tie, multiple sites will qualify for the corresponding tier.*

Prize levels are as follows:

- **1st Place** = Team Pizza Party (from your pizza parlor of choice!)
- **2nd Place** = Cheryl's Cookies® Gift Box
- **3rd Place** = SnackMagic® Gift Box

GWTG-AFIB (Trial EDC) Updates:

- Due to Protocol V4.0 and the removal of the acute care encounter requirement for trial eligibility, there are now 2 versions of the **Baseline Visit Coding Instructions**.

Reminder: Coding Instructions can be found in the GWTG-AFIB "Library".

- **GWTG-AFib Coding Instructions (June 2023):** To be utilized for subjects diagnosed with first-detected AFib who *had an acute care encounter*.
- **CHANGE AFib Outpatient (No Acute Care Encounter) Baseline Coding Instructions June 2023:** To be utilized for subjects diagnosed with first-detected AFib who *did NOT have an acute care encounter*.

- **Data Field Clarifications from the June 2023 Coding Instructions!**

*Please go back and assess these fields for subjects already enrolled in the trial**

- **Discharge Tab: Patient is currently enrolled in a clinical trial in which patients with the same condition as the measure set were being studied (i.e., AFib, STK, VTE)?**
 - Select "Yes" for all subjects participating in the CHANGE AFib clinical trial.
- **Discharge Tab: Antiarrhythmic Prescribed?**
 - If a trial subject is randomized in the outpatient setting to the intervention arm, select "Yes" for "Antiarrhythmic Prescribed?", select (dronedaron (Multaq)) medication, select (400mg) dosage, and select (2 times a day) frequency.
 - By selecting "Yes", 2 additional fields will populate on the discharge tab:
 - Date patient contacted to confirm dronedaron prescription was filled?
 - Is patient taking dronedaron as prescribed?
